HISTORY

ZeroWire™ Welcome to the secure smart home.

ZeroWire, part of the UltraSecure Series of smart security products by Interlogix, is a home management system that allows you to automate the way you interact with your home. Offering lifestyle-enhancing control of lights, locks and thermostats, in addition to professional security, ZeroWire enables convenient remote management via Smartphones and tablets, or simply by using the integrated, voice-guided keypad. ZeroWire is your gateway to a smarter connected home.

VERSATILE

- Ethernet, Wi-Fi® and cellular*
- Remote and on-device programming
- Supports Android® and iOS®

POWERFUL

- Extensive support capacity
 - 250+ Z-Wave® devices
 - Up to 64 security sensors
 - Up to 20 keyfobs
 - Up to 256 users

CONVENIENT

- Local and remote management
- Z-Wave control
 - Lights
 - Thermostats
 - Locks
- Cameras for real-time viewing and event-captured playback
- Scenes to trigger multiple devices automatically
- Schedules for programming devices to work at specified times

*Optional

One system. Many features.

The ZeroWire™ panel is designed to support a variety of accessories that heighten security and enhance convenience. These options make it easy to customize systems to meet each user's specific needs and priorities.

*Requires Z-Wave® enabled devices.

**Requires activation of services. Terms and conditions apply.

Control your ZeroWire™ system from virtually anywhere.

The UltraSync™ remote management app extends the programming and interactive capabilities of the ZeroWire™ panel beyond your front door.

Arm/Disarm

Arm/Disarm your system from virtually anywhere.

Account Management

Add and remove users, update profiles and create temporary accounts for visitors.

Z-Wave® Control

Turn on lights and adjust thermostats before arriving home, for complete convenience and comfort.

Camera Viewing

View live streaming video and event-triggered video clips.
